

# Model 549 AFP/AFB

## Arched Cast Iron Surround for Model 530 or 922 Style Heater

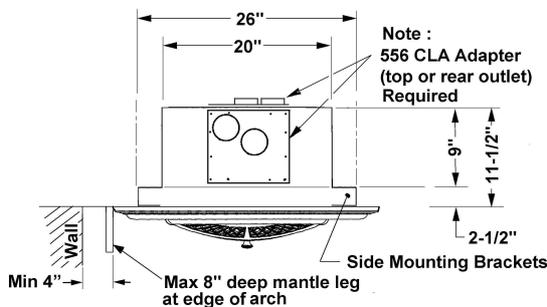

May, 2004

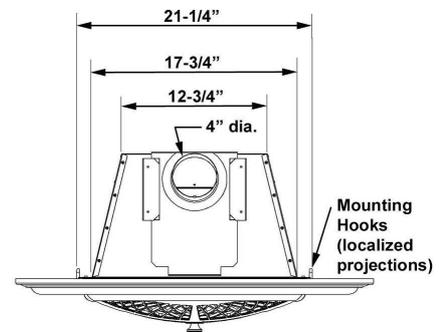

**549 Arched Cast Iron Front**

**Notes:**

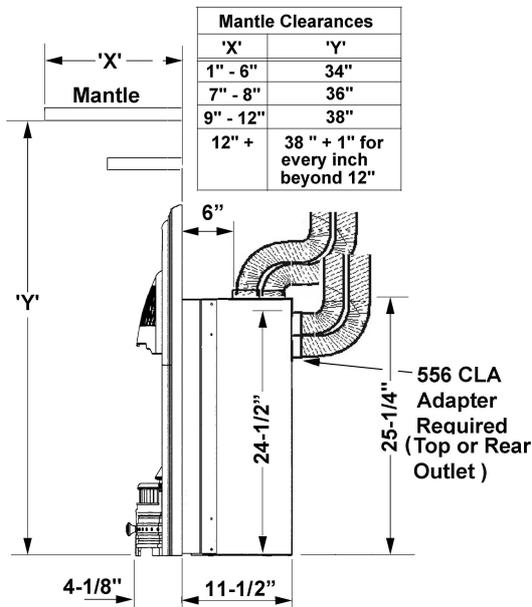

The 549 Cast front is available in a Black or Polished finish and may be used with the model 530 Direct Vent or 922 open front 'B'-Vent heater. Model 922 Adorn heater installations will also require an optional model 540 WDK wire guard and mounting bracket kit when using the 549 Cast Front. Model 530 President heater installations will usually require an optional 556 CLA co-linear adapter for insert applications. The 549 Cast Front is intended for Insert Applications only and does not include the necessary zero clearance components required for either of the heater styles noted above. Refer to heater installation manuals for details regarding zero clearance installations.
